CERTIFICATE OF ANALYSIS			
Name of the Product	Tris(chloropropyl)phosphate		
Batch No.	SCI-TCPP-002	Batch Size	100 g
Mfg. Date	April 2025	Date of Release	25-April-2025
Product code / Reference	Lanxess	Retest Date	24-March-2026
CAS Number	13674-84-5	AR Number	04252025_02

S.No.	Test	Specification	Result
1.	Description	Clear colorless liquid	Colorless liquid
2.	Acid number by titration	Less than or equal to 0.05	0.01
3.	Water content by KF (%w/w)	Not more than 0.10	Under analysis
4.	Refractive Index (at 20°C)	Between 1.460 and 1.466	1.461
5.	Density (g/cm ³)	Report on the result	1.293
6.	Viscosity (25 °C , mpa.s)	60 to 70	Under analysis

Remarks: The product **Complies / Does not comply** with the above specifications.

Storage condition	:	Keep it in a closed container, for long-term storage at below 20– 25 ° C is recommended.
Transport condition	:	Transportation temperature 20 - 25 ° C.
